Gazpromneft GL-5 75W-90 is high performance gear oil designed for transmission components used in both on-highway and off-highway applications. It is formulated from high quality base oils and an advanced additive package to provide excellent shifting performance, good low temperature fluidity, and high temperature viscosity retention.

Applications

- Passenger cars, busses, on-highway trucks and commercial vehicles
- Off-highway industries including: construction, mining, quarrying, and agriculture
- Heavy duty axles and final drives requiring API GL-5 level performance
- Constant mesh and steel synchro-mesh manual gearboxes
- Transfer gearboxes and power take-offs

Features	Advantages and Potential Benefits
Robust EP performance	Protection from gear scuffing and wear
Reliable share stability	Ensure consistent viscosity throughout fluid service life
Thermal and oxidation stability	Reducing oil thickening, sludge, and varnish formation due to high operation temperatures to assure extended gear life
Low temperature fluidity	Wear protection during cold starts
Protection against corrosion	Preventing corrosion for increased equipment protection and equipment life

Recommendations

- API GL-5
- MIL-L-2105D
